What Are Your Expectations?

In order for us to better serve you, it would help to know what your expectations are.

<i>Place a ✓ next to the statement that most represents your expectations:</i>	
	I am definitely looking for optimal health and healing. Please help guide me toward this goal which must include toxic free holistic dentistry.
	I am somewhat interested in optimal health and healing. Please tell me more, so I can better understand what I'm committing to.
	I am somewhat interested in toxic free holistic dentistry. I am not interested in the optimal health and healing program or I already have a health practitioner that I am working with.
	I am only interested in comprehensive high-quality dentistry (restorative and periodontal care) not necessarily toxic free holistic dentistry even though this is important to achieving optimum health.
	I am only interested in treating my dental problems when they become acute – please do not attempt to contact me for regular dental care. I understand this level of care will always be more expensive.
